GENERAL RULES

RULE 1 - CONTENTS AND APPLICATION OF MANUAL

A. This manual contains the Residential Property Insurance rules, classifications, rates and premiums applicable to property and liability coverages for owners provided the residence premises is used exclusively for private residential purposes. Residential Property Insurance provides coverage for owners of dwellings, including mobile homes, condominium units and for tenants renting leased property.

Residential Property Insurance includes an intended owner-occupant of a one to four family dwelling in the course of construction, provided the policy is issued only in the name of such individual.

When a two to four family dwelling is occupied by co-owners, each occupying a separate premises, Residential property Insurance designated as a dwelling owner policy product may be issued in the name of only one of the co-owners. The other co-owner(s) shall be designated as Additional Insured(s) in the Declarations of the Policy, in order to cover the interest of the other owner(s) in the building and for premises liability. A separate Renters policy may be issued to the other co-owner occupant(s) named in the Declarations as additional insured(s).

B. Residential Property Insurance is also available to individuals not otherwise eligible because of incidental office, professional, private school or studio occupancies, provided:

1. The residence premises is occupied principally for private residential purposes; and
2. There is no other business conducted on the premises other than the incidental business noted above.

C. Residential Property Insurance shall not be issued covering any property to which any farm property forms, rules or rates apply. In no event shall a policy be issued to cover any property situated on premises used for farming purposes. Optional Section II Personal Liability and Medical Payments to Others Coverages are available for certain farm liability exposures as specified in the Optional Coverages section of this manual.

D. Product Coverages and Differentiation

Residential Property Insurance shall provide coverage for both property and liability insurance, herein referred to as Section I and Section II, respectively. This insurance provides the following coverages:

Section I
- Coverage A – Dwelling
- Coverage B – Private Structures
- Coverage C – Personal Property
- Loss of Use – Section I Additional Coverage

Section II
- Coverage F – Personal Liability
- Coverage G – Medical Payments to Others

Platinum products are designed for the policyholder who wants a greater level of insurance protection than that typically provided under a standard coverage.

For Causes of Property Loss, refer to Rule 2 and Coverage 19.

For Property Loss Settlement, refer to Rule 2 and Coverages 2, 3 and 42. Platinum provides replacement cost loss settlement for satellite dishes, solar panels, outdoor well pumps and outdoor heating and cooling units.

RULE 3 - RATES AND PREMIUMS

A. All rates and premiums shown in this manual are on an annual basis. Premiums for amounts of insurance not shown in the Rates section shall be obtained by interpolation.

B. All premiums shown on the policy and endorsements shall be rounded to the nearest whole dollar. A premium of fifty cents ($.50) or more shall be rounded to the next higher whole dollar, and this procedure shall apply to all interim adjustments, including changes or cancellation at the request of the insured.

RULE 4 - PREMIUM DETERMINATION

Refer to the State Rate Pages to determine the basic premiums for the various policy forms. Rating steps are included at the front of the section. For discounts, surcharges and optional coverages, refer to the appropriate rules.

RULE 5 – POLICY PERIOD

The Policy shall be written for a period of one year and may be renewed, subject to payment of the appropriate premium.

RULE 6 – CHANGES

A. Changes that affect the coverage or limits provided by the policy (e.g. coverages added, limits increased, etc.) shall be computed pro rata.

When coverage is added or policy limits are revised on a Homeowners policy, the policy will be rated with those rates in effect on the effective date of the policy. For renewal policies, the rates in effect on the effective date of the renewal will apply.

Any statewide rate level change that has been approved since the policy was issued or renewed will not affect that policy until the customer’s next renewal date.

B. Any change which results in premium adjustment of less than $2.00 shall be waived, except that on return premiums the actual amount shall be refunded upon request.

C. If there is a change in the Protection Class which affects the premium applicable to the described dwelling, such change shall be reflected on the next anniversary date of the policy.

RULE 7 – CANCELLATION

A. The Company will not cancel any policy except in accordance with the policy conditions.

B. Premium adjustment resulting from cancellation by the Company of the policy or a form of coverage shall be computed pro rata.

   Cancellation at the request of the insured may be computed short rate.* Short rate return premiums are calculated by multiplying the pro rata return premium by a factor of .90. Exceptions to this rule are the following cancellations which will be prorated:

   1. The named insured continues to carry other homeowners insurance with this or an affiliated company. IMPORTANT: Notice must be given that such other insurance is carried, otherwise cancellation may be short rate.

   2. The policy is replaced by one issued by this or an affiliated company and covering the same risk.

C. If cancellation of the policy results in a return premium of less than $2.00, it shall be waived, except that the actual amount shall be refunded on request.

RULE 8 – TRANSFER OR ASSIGNMENT

A policy may not be endorsed without the permission of the company to effect:

a. transfer to another location, or

b. assignment from one insured to another in the event of transfer of title of the dwelling.

DISCOUNT AND SURCHARGES

A. DEDUCTIBLES

The policy contains a loss deductible clause under Section I of the policy. The deductible applies to losses covered under Coverage A – Dwelling, Coverage B – Private Structures and Coverage C – Personal Property.

The basic deductible is the $500 flat deductible. Other deductible options are available. Apply the adjustments to the basic $500 deductible premium.

BASE DEDUCTIBLE: $500

Deductible	Adjustment	Maximum
$ 100	Add 42%	-
$ 250	Add 14%	-
$1,000	Subtract 8%	$370
$2,500	Subtract 22%	$560
$5,000	Subtract 25%	$1140
$10,000	Subtract 27%	$1710
$100/$250 Theft **	Add 38%	-
$250/$500 Theft **	Add 9%	-

** Theft deductibles are not available on Landlord’s products.

B. PACKAGE POLICY SINGLE DEDUCTIBLE LOSS

“Package Policy” means a package of policies identified on the declarations page as “Combo” that is comprised of not less than one auto and not less than one owner occupied home whether a dwelling, condominium unit or leased property.

All package policyholders are provided a Single Deductible Loss Clause endorsement as part of the policy package. It protects the insured from paying more than one deductible in the event of a covered loss where more than one deductible is otherwise applicable.

The Single Deductible Loss Clause is only applicable when the policy meets the definition of a “Package Policy”.

RISK RATING FACTOR

The premium shall be multiplied by the applicable rating factor listed below according to the risk group assignment. Refer to a. and b. for the calculation of the risk group assignment.

RISK GROUP	RATING FACTOR
1	1.00
2	1.10
3	1.21
4	1.33
5	1.46

b. 17 – 19 years	1
c. 20 + years	2
3) Swimming Pool	1
4) Multi-Family	1
5) Undesirable Animal	2
6) Unoccupied > 60 days	1

b. Risk Group Assignment Calculation -
Risk Group Assignment = 1 + the sum of the points for conditions 1-6 in a. above.

c. Risk Group Assignment for Renewal Business –
All policies will be re-assigned (at policy renewal) as if they were new business.

*Owners includes the following policy forms:

Homeowners, HO-2 Homeowners, Market Value, Platinum Homeowners, Landlord’s Rental Dwelling and Mobile Home

AGE OF DWELLING
(Not available with Renters or Condominium products)

Dwellings are rated based on the dwelling age. To determine the age of the dwelling, subtract the year of construction from the policy effective date year.

The factor to be applied is determined by the following:

Age of Dwelling	Discount Factor
0	0.68
1	0.71
2	0.74
3	0.77
4	0.81
5	0.85

21-22	1.05
23-24	1.05
25-26	1.06
27-28	1.07
29+	1.08

AGE OF INSURED
(Not available with Landlord’s products)

A factor is to be applied to the premium based on the age of the primary insured. In the case of more than one primary insured, the insured’s age that results in the lowest factor will apply.

Age Range	Factor
Up to 54	1.00
55 and Over	0.90

LOSS EXPERIENCE RATING PLAN

A. This plan provides for the modification of the basic property premium due to loss history.

B. Definitions

i. Experience Period –

The experience period is the three years immediately preceding the new business effective date of the policy or the 34½ months ending 45 days prior to the renewal date of the policy.

ii. Chargeable loss –

A loss is chargeable if it occurred during the experience period and resulted in a total payment of an amount equal to or greater than $500. Open claims that have partial claim payments equal to or greater than $500 will be considered chargeable.

Exceptions: Catastrophe, Weather and Medical Payments claims will not be chargeable. Also, a loss shall not be chargeable if the loss occurred at the current residence premises prior to the insured occupying it.

iii. Age of “most recent chargeable loss” and of the “oldest chargeable loss” –

The age of the “most recent chargeable loss” and of the “oldest chargeable loss” in the experience period are determined by subtracting the date of loss from the policy effective date.

C. Administration of the Plan

iv. The information necessary to determine the experience rating shall be obtained from one or more of the following:

a. an application

b. reports obtained from consumer reporting agencies

c. the Company’s records

d. a questionnaire answered by the insured

e. records of prior carrier

v. Experience Rating

The experience rating factor shall be determined based on the number of chargeable losses and the age of the “most recent chargeable loss” as follows:

Number of Chargeable Losses	Age of “most recent chargeable loss” (years)		
	0	1	2
0	1.00	1.00	1.00
1	1.15	1.15	1.15
2	1.40	1.40	1.40
3	2.00	2.00	2.00
4 or more	3.00	3.00	3.00

The surcharge for the oldest chargeable loss in the experience period is waived if:

The customer has been a Metropolitan property insured for five years or more (all writing companies combined), and there are no other losses* on the policy in the five years prior to the loss.

* For purposes of this waiver rule, a loss is any open or closed claim with a positive paid amount. Natural Cause losses which occurred at a prior residence while the insured occupied it are not considered.

Only one loss on the policy may be waived at a time. Waived losses are still considered chargeable for the purposes of applying other rules.

MULTI-FAMILY RATING
(Not applicable to Renters or Condominium products)

The following factors apply to the premium for all Multi-Family Dwellings:

Number of Families	Factor
1	1.00
2	1.10
3	1.20
4	1.30

ROOF RATING FACTOR
(Not applicable to Renters, Condominium or Mobile Home products)

A factor is to be applied to the premium based on the age and type of roofing material on the dwelling. In the event that the age of the roof is not specified on the policy, the rating factor will be determined based on the age of the dwelling.

	Type of Roofing Material	
Age of Roof	Wood	All Others
All Ages	1.25	1.00

ALTERNATIVE HEATING SOURCE SURCHARGE

When a freestanding, solid fuel-burning unit is located in the residence premises, the premium shall be increased as follows. Solid fuel heat is any heating system that is not electric, gas or fuel oil. This includes, but is not limited to coal, pellets and wood.

Type of Product	Factor	Minimum Charge
All	1.05	$25

METREWARDS

A discount will be applied to the premium based on the number of months the insured has maintained a property policy with Metropolitan (all writing companies combined) and the number of months the insured has been claim-free (including months claim-free with a prior carrier).

Note: For purposes of this rule, a claim is any open or closed claim with a positive paid amount.

Exception: For purposes of this rule, (1) Catastrophe, Weather and Medical Payments claims; and (2) losses which occurred at the current residence premises prior to the insured occupying it, will not be considered.

The percentage discount amount varies as follows:

Tenure in Months	Number of Claim-Free Months	Discount
36 or more	36 to 59	5%
60 or more	60 to 107	10%
108 or more	108 or more	15%

TOWNHOUSE OR ROW HOUSE
(Not applicable to Renters, Condominium or Mobile Homeowners products)

The premium for an eligible 1 or 2 family dwelling in a town or row house structure is computed by multiplying the Homeowners premium by the appropriate factor below:

Total Number of Individual Units Within the Fire Division*	Protection Class	
	1-8	9 and 10
1 and 2	1.00	1.00
3 and 4	1.10	1.15
5 and over	1.25	1.30

* An eligible 2 family owner-occupied dwelling attached to a 1 family dwelling but not separated by a firewall would be considered 3 individual family units within a fire division. Four 2 family dwellings not separated by a firewall would be considered 8 individual family units.

SEASONAL OR SUBLEASE SURCHARGE
(Not applicable to Landlord’s products)

An owner occupied home that has a continuous period of greater than 8 weeks where the owner and all other members of the household are not staying in the home shall be rated as follows:

If the home is unoccupied by anyone for greater than 8 weeks, rate with the Without Occupants Factor.

If the entire home/unit is rented for any length of time greater than 8 weeks, rate with the Rented to Others Factor.

Owner Unoccupancy Greater than 8 Weeks	
Without Occupants Factor	Rented to Others Factor
1.25	1.40

SECONDARY RESIDENCE PREMISE - CREDIT FOR DUPLICATE LIABILITY
(Not applicable to Landlord’s products)

A separate Homeowners Policy may be written to insure an eligible secondary residence. If personal liability coverage is provided under another policy issued by Metropolitan, the following credit for duplication of liability coverage applies:

Credit
$8

THREE AND FOUR FAMILY DWELLING - PREMISES LIABILITY
(Applicable to HO-2 Homeowners, Homeowners, Market Value and Landlord’s Rental Dwelling products only)

An additional Section II charge applies for three and four family dwellings as follows:

Type of Dwelling	Additional Charge
Three Family	$15
Four Family	$20

Refer to Section II – Increased Limits – Other Exposures for Personal Liability and Medical Payments.

ISOLATED RISK RATING FACTOR

A. An "Isolated Risk" includes any dwelling located in a community with a protection class rating of 8 or higher.

B. Dwellings that are located in such a community will be rated according to the following table:

Miles to responding fire department	Factor
0-4 miles to Fire Department	1.00
5-9 miles to Fire Department	1.15
10+ miles to Fire Department	1.30

C. This rating factor applies only to Owners forms.

OPEN FOUNDATION RATING FACTOR

A. "Open Foundation" includes any dwelling built on blocks or piers or any dwelling not attached to a continuous masonry foundation. A porch or deck supported by piers is not considered an open foundation where the main part of the dwelling has a closed foundation.

B. Dwellings that are built on an open foundation will be rated according to the following table:

Type of Foundation	Factor
Open	1.25
Other	1.00

C. This rating factor applies only to Owners products.

MASS MERCHANDISING ACCOUNT DISCOUNT

A 10% discount will apply to the total policy premium (including all optional coverages, except Earthquake) for policies written through a mass merchandising account.

CALIFORNIA INSURANCE GUARANTEE ASSOCIATION (CIGA) PREMIUM ASSESSMENT

Apply the following factor to the total annual premium for the recoupment of the California Insurance Guarantee Association (CIGA) premium assessment.

Increase the total annual premium by 0.0%. Multiply by .00 to determine the amount of the assessment and add it to the total annual premium.

The assessment must be rounded to the nearest penny. The minimum amount billed is $.10.

CALIFORNIA HOMEOWNERS PROTECTION CLASSIFICATIONS

Instructions for determining protection class:

1. Locate within this list the appropriate community or fire district (F.D.).

2. Each area listed will show a town code, county and protection class.

3. For those towns designated with an ALPHA letter (i.e. 4A or 8D) use the following conversion logic to determine protection class to be used for rating.

   If the protection class ends in A-D, and the dwelling is less than or equal to 1000 feet from a fire hydrant, then use the value of the protection class given, example for protection class 6A, rate with a 6.

   If the protection class ends in A-D, and the dwelling is over 1000 feet from a fire hydrant, then the following protection classes should be used for rating:

Ending with	Rate with PC
A	9
B	8
C	7
D	10

4. For Communities not listed, use protection class and town code for appropriate remainder of county.

RATING STEPS

STEP 1 - Determine:	Territory	(See Territory Tab)
	Protection Class	(See Protection Class Tab)
	Construction Type	(See Owners Rate Page)
	Coverage A Amount	(See Replacement Cost Tab)

STEP 2 - Select the base premium based on the territory. Multiply it by the Protection Class Factor and round to the nearest dollar. A premium involving $0.50 or more shall be rounded to the next higher whole dollar.

STEP 3 - Multiply the premium from STEP 2 by the Construction Factor. Round to the nearest dollar.

STEP 4 - Multiply the result in STEP 3 by the appropriate Coverage A amount factor and round to the nearest dollar. A premium involving $0.50 or more shall be rounded to the next higher whole dollar. (See Rating Section Pages 3 and 4 for examples of determining amounts not shown).

STEP 5 - Refer to the Optional Coverages Tab for Discounts and Surcharges, Increased Limits and Optional Coverages. Apply the following factors sequentially to the premium derived from STEP 4. Round to the nearest dollar after each step.

1. Superior Construction Factor (Not applicable to Mobile Home products. See Rate Pages)
2. Seasonal or Sublease Surcharge (Not applicable to Landlord's products)
3. Deductible Factors
4. Market Value Factor (Market Value Products only. See Rating Section)
5. Risk Rating Factor
6. Dwelling Under Construction (Extension of Coverages) - Coverage 43
7. Townhouse or Row House (Not applicable to Mobile Home products)
8. Age of Dwelling Factor
9. Multi-Family Rating
10. Protective Device Discounts
11. Age of Insured
12. Superior Home Discount
13. Replacement Cost on Contents - Coverage 3 (Included in Platinum rates)
14. Building Replacement Cost Options - Coverage 2 (Platinum Homeowners only)
15. Causes of Loss to Property Options Factor - Coverage 19
16. Ordinance or Law - Coverage 15
17. Roof Rating Factor (Not applicable to Mobile Home products)
18. Alternative Heating Source Surcharge
19. Isolated Risk Rating Factor
20. Open Foundation Rating Factor
21. Actual Cash Value Loss Settlement for Roofs - Coverage 42 (not applicable to Platinum Homeowners or Mobile Home products)
22. Loss Experience Rating Plan
23. MetRewards

STEP 6 - Apply the flat dollar charges or credits for any other desired optional coverages, except Earthquake (including the flat dollar charge for Platinum Homeowners). Apply the following factors separately to the basic premium, each optional coverage (except Earthquake), and the flat dollar charge for Platinum Homeowners. Round each result to the nearest dollar after each step.

1. Home Policy Plus Discount
2. Mass Merchandising Account Deviation

STEP 7 - Add any Earthquake Coverage premium if applicable.

INTERPOLATION - If the desired Coverage A amount is less than the highest amount shown, interpolate premiums calculated for the nearest amount above and below the desired amount as shown below.

Example: $112,000 policy amount; nearest amounts are $110,000 and $115,000 (Territory 1, PC 4, Frame)

STEPS	PROCEDURE	EXAMPLE			
		Cov. A Amts.		Factors	
1	Find the Cov. A amount factors for the amounts noted above.	$115,000 $110,000		0.765 0.727	higher amount lower amount
2	Calculate premium for higher amount.			$1,396 x 0.765 $1,068	base premium factor prem. for higher amt.
3	Calculate premium for lower amount.			$1,396 x 0.727 $1,015	base premium factor prem. for lower amt.
4	Subtract the lower amount from the desired amount. This is the additional coverage amount.	$112,000 - $110,000 $2,000			desired amount lower amount add'l coverage amt.
5	Subtract the lower amount from the higher amount. This is the amount difference.	$115,000 - $110,000 $5,000			higher amount lower amount amount difference
6	Subtract the premium for the lower amount from the premium for the higher amount. This is the premium difference.			$1,068 - $1,015 $53	prem. for higher amt. prem. for lower amt. premium difference
7	Determine the premium for the additional amount by the following formula: add'l amt. x premium = prem for amt. diff. difference add'l amt.	2000 5000	x	$53	= $21 prem for add'l amt. (to nearest $)
8	Add the premium for the additional amount to the premium for the lower amount to obtain the premium for the desired Coverage A amount.			$1,015 + $21 $1,036	prem. for lower amt. prem. for add'l amt. desired premium

EXTRAPOLATION - If the desired Coverage A amount is more than the highest amount shown, extrapolate as shown below.

Example: $1,320,000 Coverage A amount (Territory 1, PC 4, Frame)

STEPS	PROCEDURE	EXAMPLE			
1	Find the Cov. A amt. factors for the highest amount and for each additional $10,000.	Cov. A Amts. $1,000,000 $10,000		Factors 6.015 0.060	 highest amount each add'l $10,000

3	Calculate premium for each additional $10,000 (round to nearest dollar)			$1,396 x 0.060 $84	base premium factor
4	Subtract the highest amount from the desired amount. This is the additional coverage amount.	$1,320,000 - $1,000,000 $320,000			desired amount highest amount add'l cov. amt.
5	Determine the premium for the additional amount by the following formula: add'l amt. x Ea. Add'l = Prem for $10,000 $10,000 prem add'l amt	$320,000 $10,000	x	$84	= $2688 prem for add'l amount (to nearest $)
6	Add the premium for the additional amount to the premium for the highest amount to obtain the premium for the desired policy amount.			$8,397 + $2,688 $11,085	prem. for highest amt. prem. for add'l amt. desired premium

CONSTRUCTION DEFINITIONS

Masonry A dwelling with walls of masonry or masonry veneer construction. A dwelling with exterior walls constructed of masonry materials such as adobe, brick, concrete, gypsum block, hollow concrete block, stone, tile or similar materials shall be considered masonry. A dwelling with exterior walls of combustible construction veneered with brick or stone shall be considered masonry veneer.

Frame A dwelling with walls of frame, or metal-sheathed or stucco frame construction, or with walls of metal or metal lath and plaster on combustible supports.

Mixed A dwelling shall be classed as frame construction when the wall area of frame construction (including gables) exceeds 33 1/3% of the total wall area.

Superior Non-Combustible - exterior walls, floors and roof constructed of and supported by metal, asbestos, gypsum, or other non-combustible materials.
Masonry Non-Combustible - exterior walls constructed of masonry materials, and floors and roof of metal or other non-combustible materials.
Fire Resistive - exterior walls, floors and roof constructed of masonry or other fire resistive material.

Refer to Manual, Coverage 19B for HO-2 Factor

METROPOLITAN DIRECT PROPERTY AND CASUALTY INSURANCE COMPANY

CALIFORNIA RESIDENTIAL PROPERTY PROGRAM

Renters, Platinum Renters, Condominium, Platinum Condominium, Landlord's Condominium

RATING STEPS

STEP 1 - Determine:
- Territory (See Territory Tab)
- Protection Class (See Protection Class Tab)
- Coverage C Amount

STEP 2 - Select the proper base premium based on the territory. Multiply by the protection class factor and round to the nearest dollar. A premium involving $0.50 or more shall be rounded to the next higher whole dollar.

STEP 3 - Multiply the result in STEP 2 by the appropriate occupancy (number of units) factor. Round to the nearest dollar.

STEP 4 Multiply the premium from STEP 3 by the appropriate product factor. Round to the nearest dollar.

STEP 5 - Multiply the result in STEP 4 by the appropriate Coverage C amount factor and round to the nearest dollar. (See Rating Section Pages 10 and 11 for examples of determining amounts not shown.)

STEP 6 - Refer to the Optional Coverages Tab for discounts and surcharges, increased limits and optional coverages. Apply the following discounts and surcharges sequentially to the premium derived from STEP 5. Round to the nearest dollar after each step.

1. Fire Resistive Construction Credit (See Rate Pages)
2. Seasonal or Sublease Surcharge (Not applicable to Landlord's Condominium)
3. Deductible Factor
4. Risk Rating Factor
5. Protective Device Discount
6. Age of Insured Factor (Not applicable to Landlord's Condominium)
7. Replacement Cost on Contents - Coverage 3 (Included in Platinum Condominium and Platinum Renters)
8. Causes of Loss to Property Options - Coverage 19
9. Ordinance or Law - Coverage 15
10. Alternative Heating Source Surcharge
11. Loss Experience Rating Plan
12. MetRewards

STEP 7 - Apply the flat dollar charges or credits for any other desired optional coverages, except Earthquake (including the flat dollar charge for Platinum).
Apply the following factors separately to the basic premium, each optional coverage (except Earthquake), and the flat dollar charge for Platinum Renters or Platinum Condominium. Round each result to the nearest dollar after each step.

1. Home Policy Plus Discount
2. Mass Merchandising Account Deviation

STEP 8 - Add any Earthquake Coverage premium if applicable.
